The State Election being now over, it becomes every ver of his country to once more arm himself and be | To the Editor of The Tribune fully prepared for the great contest of the 7th of No-My DEAR SIR-I have observed a paragraph in your paper of this morning, headed, "Irish Exiles." The undersigned, feeling the importance of a thorough organization, and the most active efforts on suggesting an expression of public sympathy in favor he part of the friends of TAYLOR and FILLMORE, to of some gentlemen whom you please to designate Irish give to them the Electoral Vote of this State, have de- exiles at present in this city. Though I must regard the association of my name with some of those enumer use (humble though it be) for such a purpose as yo

the Whigs, will come up and hear the great champions of our principles, who have consented to be present and address these meetings. Taylor or Case must such a tribute, nor recognize any just or becoming mo ecessarily receive not only the Electoral vote of Ohio tive for such a display at this hour. Sympathy, when ut will as certainly succeed to the next Presidency. well deserved and earned by eminent sacrifices for the public good, must be a source of virtuous and manly Is not this fact fully sufficient, of itself, to animate every friend of his country to work zealously from this day pride to the recipient; but when it proceeds, as in this to the 7th of November, in behalf of the nomince of the istance, from a mere exaggerated estimate of personal deserts, viewed through the medium of a too generals an honorable mind, who is sought to be made its object. You will therefore kindly omit my name in connection with this or any future proceeding, for such a purpose.

Letter from William H. Mitchel.

To the Editor of The Tribune DEAR SIE-1 am compelled to allude to a paragraph which appeared in your paper of this morning, respecting certain "Irish Exiles" now in this country, in which my name, among others, is mentioned, and in which you suggest that a public meeting should be held will find "friends, protection and a welcome" in applause. Mr. Osgood also made some eloquent re-F. VINTON, J. L. GAMEN OF H. HUNTER will speak at

I regret exceedingly. Sir, to be obliged to object to your well meant suggestion but I must do so for many reasons, so far, at least, as I am concerned. Putting altogether out of sight the fact that Ireland and Irishmer have already received at the hands of America more than they have deserved, I confess I have a strong aver sion to see the miserable burlesque of 48 again raised up as a spectacle before the world—which has long since devoted it to oblivion , and I have a still strong Gen. JOSEPH ANTHONY and Capt. B. R. HARDIN WILL aversion to be myself a candidate for public favor on the strength of my connection with it.

As for a "welcome" in the land of Washington. have already received one far beyond my deserts, and for "friendship and protection," I ask for none, save the privilege of living a free man among the free. GOV. WM. BERR and F. CHAMBERS, Esq. will speak at

> and Amos Lawrence, died at his residence in Boston on Saturday last, after a long and lingering illness. He was well known throughout New England by his extensive manufacturing interests.

Mr. Doyle, who was engaged in the late Slave Stampede near Lexington Ky, has been tried for the offence, convicted, and sentenced to twenty years

servitude in the Penetentiary. Tressury, and the Commissioner of Patents, the power publishers of the Dunly Morning Star and Georgian for

to extend the term of patents from one to seven years, and vesting that authority in the latter officer alone, and seemingly unchecked. An article of unusual length, on the outside form of our Morning Edition to day, though clothed in rather strong and abrupt is guage, throws light upon the management of the Patent Office, where a thorough revision of affairs by a Committee of Congress, is which the Chairman would here so special interest, as in 1838, may be found expedient.

In the article to which we refer, dividends and profits are sworn to by ex-Postmaster General Kendall, very extensive, if real, and exhibiting gains to the patentees of Morse & Co. ill deserved, if we test them by the course pursued by their agents, and altogether undeserved, if the argument as to the real inventors of the machinery is well founded. Many important facts elicited at the preliminary inquirty, before Judge machinery is well founded. Many important facts elec-ticd at the preliminary inquiry, in equity, before Judge Minroe, are set forth, the advantages of opposition in Telegraphing made more apparent, and the past con-duct of Messrs. Morse, O'Reilly, Smith, Galo, Kendall, Henry, Jackson, and others, with reference to Morse's Massachusetts Mutual Office.

Henry, Jackson, and others, with reference to Morse's patent, more or less explained.

The Telegraph has begun to exercise a powerful influence upon human affairs, and those who desire to give its powers a beneficial direction would do well to He came to this city about twenty years ago from Portsmouth New Hampshire, where he had been for many years in the active practice of his profession, at the head of the Bar of the State. ment shows an increase of loans \$70,160; of circulation, \$146,749, and deposits \$350,428. and a decrease of specie, \$270,074. This expansion is the natural consequence of the revival of business sinc The issue of stock for foreign account at Wash

ton during the week ending Oct. 14 was 882,100, of which \$29,000 went to England and \$25,000 to France. The amount of the Mexican indemnity to be paid ble in cash or in United States stock at par. If this be option of the receiver, stock will of course taken, and no specie will be paid out.

It has been supposed by some that upon the ompletion of the Canada improvements Western proicts would take the St. Lawrence route to Europe, it stead of coming down the Eric Canal. A writer in the Montreal Herald, however, takes a common sense view of ec imagine for a moment that their ports can ever carried as cheaply from their ports as from New York where they have semi-weekly lines of packet ships to ome English port, capable of carrying from 8,000 to ,000 bbls each, they will find themselves most mise ably mistaken. Nothing keeps the rate of freight from New York to Liverpool at so low a figure as we generalfind it but the existence of those packet-ships. rdinary times, when there is no great amount of proace produce pressing upon the market, and requiring mmediate dispatch to England, we find the packet hips carrying Flour at rates merely nominal; for it ney did not take four they would have to take in
